The Facilitators

Scott William Archer

Scott is an accredited Teacher, Medium, Clairvoyant, Trance Medium, Reiki Master, Spiritual Healer, Spiritualist Reverend & Minister, Platform Medium and Rebirthing Breathwork Facilitator.

Connecting with his team of Spiritual Guides, Scott uses a combination of clairvoyance (*seeing*), clairsentience (*feeling*), clairaudience (*hearing*), and claircognizance (*knowing*), tarot, psychometry and mediumship to bring forth messages of guidance, inspiration and healing.

For many years Scott was President, Hon. Secretary, and an Ordained Minister and Reverend of Chatswood Spiritualist Church where he continued to be of Service guiding and assisting new Mediums to develop their innate abilities with integrity and passion.

As a Healer, Scott has always had warm hands. Recognising the profound healing energy that flowed so readily through them, Scott became a Reiki Master and now also works closely with his Healing Guides who literally take over his hands during a healing session to provide powerful energetic transformations.

Dedicated to a life of Service, Scott recognises he is merely a conduit for the Universal Energy and Guidance that flows through him. It is this understanding that keeps him grounded, humble and committed to being the clearest channel he can possibly be - working for the highest good possible with the greatest intention.

What To Expect

Welcome my friend!
We are thrilled you felt the call to join us for this amazing retreat
and all that may unfold.

The workshops are designed to develop your own intuition, psychic abilities and connection with Spirit. Spirit works differently with everyone, and this retreat is a powerful container in which we can explore our spiritual gifts and strengths both individually, and collectively as a group.

It's not about always "getting it right".

The exercises in our workshops are designed to help you recognise the subtle difference between what is a message from your guides and angels and what is your imagination...

"Am I just making it up?!?" - the million dollar question when working with Spirit!

It's exciting work, and something we are very passionate about. We will endeavour to keep it simple, authentic, and most of all fun!

It is our sincere commitment to hold a safe, open and protected space for everyone to confidently explore their gifts.

We can't wait for you to join us!

Frequently Asked Questions

What Is Breathwork?

Rebirthing Breathwork, or Conscious Connected Breathing, is a process of releasing energy blocks stored in the mind and body.

It is a powerful experiential tool accessing your own inner healer and can greatly intensify the transformational process.

The process of deep core breathing and chakra attuned music allows you to embark on a journey into the soul, which can bring up intense emotions and strong physical experiences. When stimulated through Breathwork, the mind and body enter into a deep state of calm which elicits an altered state of consciousness.

Through this altered state we are able to access repressed emotions, memories and trauma from the past that are stored in the subconscious mind and bring them to the surface to be expressed and cleared out.

What Is Trance Mediumship?

Trance mediumship allows a spirit being to take control of the body, mind and energy of the medium, to a varying degree, for the purpose of communication, spoken or written.

This happens while their consciousness steps aside.
It is the deepest level of mediumship.

The trance medium always has control over whether they enter into the trance state. It is a willing and loving working partnership between spirit and medium, built up through years of training and familiarity to form an absolute bond of trust.

In a light trance, the medium is partially conscious and able to recall the words of their guide. Deep trance is where the medium has completely stepped aside and is unconscious, unaware of what is going on. They will have no recall of events.

For the purposes of our Retreat, Scott and his Guides invite you to an evening demonstration of this powerful and inspirational modality.

Tarot is an exciting and powerful ancient oracle that can provide incredible insight, wisdom, inspiration and guidance.

It can also be overwhelming, intimidating and totally confusing. The SilverCloud Spirit Tarot Deck aims to change all that.

There are actually so many different ways to read the cards. Whilst it is important to have a general and basic understanding of the traditional meanings of the cards, this should merely serve as a blueprint and guideline to the wisdom they contain.

I have been consulting the Tarot for over thirty-five years, and I still see new things in each card and feel different interpretations I have never had before. It's forever evolving, as we are.

Join me for this exciting workshop as we explore and unlock your own intuition with this beautiful deck.
